

BITS

BITS (Business I.T. Solutions) was established by Gavin Dixon in 2001 in Kilkenny to be a quality provider of IT Services to businesses in the South Eastern Region of Ireland

Over that time we have become a leading provider of IT Solutions and Services to businesses and are continuing to expand and develop new markets

We recognise that not all businesses have the same IT requirements and with this in mind, combined with our experience, fast response times and flexibility – we always strive to offer exceptional service and support tailored to your needs

We offer IT Sales, Services, Support and General IT Consultancy to a very broad range of business sectors, from Hotels, Financial Services, Legal, Insurance, Manufacturing right through to Schools and Charities
